

Egg Lemonade

3 Tablespoonfuls of
Lemon Sirup
1 Egg

$\frac{1}{2}$ Glassful of Water,
Boiled and
Cooled

MIX the sirup, egg and water and a little shaved ice in a shaker, and cover with a glass. Shake well, and strain into the glass. Lemon sirup is particularly good for those who live where lemons are scarce at certain times during the year. In the city lemons are obtainable all year round, but should be used when they are cheapest.
