TWO cupfuls of stoned and chopped dates, four cupfuls of flour, two cupfuls of milk, four teaspoonfuls of baking powder, one teaspoonful of salt, one egg and one-half cupful of sugar. Sift the dry ingredients into a basin, add the egg well-beaten, dates and milk and mix well together. Allow to stand for twenty-five or thirty minutes, and bake in a moderate oven for forty-five minutes. This bread makes delicious sandwiches.
