

## Dried Peach Whip

SOAK and cook dried peaches, or use canned ones, first draining off the liquid. Put through a meat-chopper or mash, using enough to give 2 cupfuls when ground. Beat the whites of 3 eggs stiff, add  $\frac{1}{2}$  cupful of sugar, 1 teaspoonful of vanilla, and add to the peaches carefully. Turn into a greased dish and bake in a moderate oven until browned. Serve immediately with custard sauce, made with the yolks of the 3 eggs, 2 cupfuls of milk, 2 tablespoonfuls of flour, and  $\frac{1}{2}$  cupful of sugar. Cook in a double boiler and chill before serving.
