

Grandmother's Lettuce

1 head lettuce	6 slices of bacon
1 bunch young onions, or	$\frac{1}{2}$ cupful mild vinegar
1 small Bermuda onion	

Crisp the lettuce as usual, then drain and shred it. Slice the onions very thin. Cut the bacon in tiny pieces and fry it until browned. Arrange the leaves in a bowl, put the onions on top, and when ready to serve add the vinegar to the hot bacon-fat and pour over the lettuce and onion.
