

Home-made Crackers.

DEAR EDITOR: Some one wanted a recipe for crackers:

2 ounces butter substitute.

1 quart flour.

1 teaspoonful soda.

1 tablespoonful water.

1 teaspoonful salt.

Mix well, add soda to water. Add about 1 cupful milk or enough to make soft dough. Beat 20 minutes. Roll on floured board, cut in thin squares. Prick with fork and bake in hot oven until crisp.
