

# "Ice box Doughnuts"

Last night "Forum Fan" requested ice box doughnuts—here is the recipe that I found in the Forum some time ago:

2 eggs, 1 cup sugar, 1 cup sour milk or buttermilk, 2 tablespoons melted fat. Sift together 2 cups flour, 1 teaspoon nutmeg, one of cinnamon, 1 teaspoon soda, 1 teaspoon baking powder and 1 teaspoon of vanilla, pinch of salt. Add enough more flour to make like a stiff cake batter, let stand in ice box all night and roll to  $\frac{1}{2}$  inch in thickness and fry until golden brown.
