

Maple Raisin Crackers

THESE are sure to be extremely popular if little folks are to be in the picnic party, almost any variety of unsweetened crackers being used for the foundation. Crush and pulverize sufficient maple sugar to fill one cup, beating in the whites of two eggs that have been beaten to a stiff froth and half a cupful of chopped and seeded raisins; spread this rather thickly over the crackers and after arranging on a tin baking sheet, place in a moderate oven until slightly browned.
