

Pineapple and Carrot Salad

One tablespoon granulated gelatine, 4 tablespoons cold water, 1-2 cup boiling water, 1 cup orange juice, 3 tablespoons lemon juice, 1-8 teaspoon salt, 1-4 cup sugar, 2 cups grated carrot, 1 cup shredded canned pineapple, 1-2 cup cottage cheese or 1 package cream cheese.

Soften gelatine in cold water and dissolve in boiling water. Add orange juice and lemon juice, salt and sugar. When jelly begins to stiffen add grated carrots and pineapple. Turn into a mould and let stand on ice until thoroughly chilled and firm. Unmold and serve on a bed of lettuce with a garnish of tiny balls of cream cheese. Work cream into cheese until moist enough to shape. Chill while jelly is chilling.
