

Russian Potato Salad

USE small new potatoes; wash, boil in salted water until tender and peel while warm. Chill and dice when cold. To each pint of potatoes add one-quarter teaspoonful of chopped chives or grated onion, one large or three small pickled beets diced, three sardines separated into small pieces, with skin and bones removed, three hard-cooked eggs cut in slices, and enough mayonnaise dressing to moisten—about one cupful. Chill well and serve on crisp lettuce.
