

Sweet Potatoes:—Boil the potatoes the day before wanted; then, when cold, slice and put into a well buttered baking dish in which they may be served. Cover each layer with a generous sprinkling of light brown sugar, and dot over with butter. Bake in a moderately hot oven for from thirty to forty minutes, or until the butter and sugar melt and are partly absorbed by the potatoes. Spices may be added if liked, but they are excellent as simple as possible.
